PROJECTS

Portfolio Website

Welcome to my portfolio website! I am Amardeep Singh, a passionate and detail-oriented web developer with a strong background in front-end development. My expertise includes HTML, CSS, JavaScript, and responsive design, allowing me to create visually appealing and user-friendly websites.

Music Player

It is a music player which is designed with HTML,CSS and JavaScript,it is a user friendly web page.
It contains various types of icons like music controls icons (play and pause).it fetch the songs automatically from folder using fetch Api's.

Stop Watch

The Stopwatch project is a simple yet functional web application designed to accurately measure elapsed time. Developed using HTML, CSS, and JavaScript, this project showcases my ability to create interactive and user-friendly web applications.

Netflix Clone

The Netflix Clone is a full-featured streaming application that replicates the core functionalities of the popular streaming service, Netflix. This project showcases my ability to develop a complex, user-friendly web application using modern web development technologies.
